**More about the Colchester tour:** The tour is called Camulodunum to Colchester -- 2,000 years of history. The tour explores the park, the High Street and the Dutch Quarter, discovering the many events that occurred during the town's long history. From the defeat of Queen Boudica to the Siege of Colchester in 1648, through to the Victorian period and into the present day. On the tour, visitors get the opportunity to visit the Roman Theatre, Firstsite, and St Botolphs Priory. They will also hear about the town hall, Jumbo the water tower and the Roman town wall.

**Meeting point: Colchester War Memorial**
